

Bystander Training: How to be an Advocate

Our bystander training tools and techniques empower anyone by giving them safe and simple steps to "Stand Up" and "Stand By" potential victims of intolerance, abuse, and violence. Each presentation is customized to your group and uses theatrical techniques to empower potential bystanders and victims of harassment through education and practical application in real time, improvised scenarios so groups can put these tools to work in a safe setting. This program has been created in collaboration with Spotlight Training.

**For more info on Spotlight, please check out their website for all the great programs they offer: <http://www.trainwithspotlight.com/> or call 513-407-5865

	Total Price	Session Length	Interactivity	Special Notes and Recommendations
